Inclusive Classrooms De-escalation Protocol

Section 1: Recognizing Early Physiological Arousal

1. Pupil dilation, rapid breathing, and repetitive tactile fidgeting.
2. Vocal changes: sudden volume drop or monotone pitch.
3. Avoidance behaviors or withdrawal from communal spaces.

Sensory Regulation Interventions & Protocol

Section 2: Implementing Non-Punitive Accommodations

1. Lower voice volume and match physical posture calmly at eye level.
2. Introduce quiet 10-second processing pauses before prompting.
3. Guide mentee calmly to designated sensory retreat area.
